

New Rainy Day Pickup Plan!

The Mission Staff has designed a new rainy day pick up plan to keep our children safe and dry. Students will be organized by grade level in designated areas on the primary breezeways. Discovery Club (DC) families will be guided through the Multi-Purpose (MP) Room to avoid congestion in the hallways. Drivers will pull up to the crosswalk by the office area guided by a staff member, similar to our regular pick up. Please remember to keep the parking/handicap spaces open for access. Displaying green name signs in your front window make it more efficient on both sunny and rainy days. If you need a green name sign, please notify the office, your teacher, or feel free to make your own.

NOTE: Kindergarten pick up remains the same, regardless of weather conditions.
