

Mission Students: Can you design a mural?

We will be painting the fronts of the sheds by the new garden space and want YOUR input!

- Make your drawing colorful and creative
- You can draw a picture for one building or all -your choice
- Only draw within the shapes (we can't paint the rest!)
- Try to think of ways all students can help create it
- Remember, this small drawing will be as big as walls in real life!
- Ideas for themes: mission magic, garden, art, science, whatever you can imagine!

All designs will help us make this YOUR mural. You can write instructions or ideas and explanations on this paper, or attach another paper.

Designs must be submitted by April 29.
Designs should be placed in the the envelope in the office
